

3 Steps to prepare for the Crossover Easter Offering 2021

Take these steps to ensure you are prepared to show the 2021 Offering Video, so that your Easter Offering is collected smoothly and your church know who they're giving to and why.

Step 1: Inform your church

Make sure your church know when the offering is, and why support Crossover is important.

1

Announce the offering in your church service 2 weeks prior to the collection. You can play the offering appeal video as well.

2

Use the online resource at www.crossover.org.au to post the video on your church website and facebook and send a link in your church email.

3

Announce the offering in your church bulletin - information at www.crossover.org.au

Step 2: Be prepared

1

Make sure you have enough leaflets and access to the video prior to the day.

2

You can download the video and more copies of the leaflets from our website. Contact Crossover in advance if you'd like a USB of the video posted to you (free).

3

Give your Church Treasurer the Crossover Treasurers form or a link to the website to make the payment online.

Step 3: On the day

1

Hand out leaflets or place them on seats.

2

Play the short offering video during your service before the offering is taken so that people understand what they are giving to. You may choose to collect the offering on a different Sunday.

3

Collect the offering and let people know there are also credit card facilities on our website accessible from their mobile phones.
